

LG Detroit

The only Group 2 with OWBM resistance

Nabim Group: Group 2

Market Options: UKP bread wheat for export

OWBM Resistance: Yes

Rotational Position: First Cereal, Second Cereal & Continuous

Sowing Date: Normal & Late

Soil Type: Light Soils & Heavy Soils

LG Detroit is a high yielding, hard group 2 wheat, that has a high relative protein content like Skyfall and meets the specification for [ukp bread wheat for export](#). The variety provides a unique combination of OWBM resistance and exceptional fusarium resistance. LG Detroit also has a good disease resistance package combined with stiff straw and excellent grain quality.

Strengths

- High yielding
- OWBM Resistant
- Good disease resistance profile
- Meets specification for UKP export opportunities
- High stable hagberg
- Good specific weight

Quality Seed – direct from breeder to farmer
