

Asgard Forage

Legendary performance!

Maturity: Early

Site Type: Favourable & Less Favourable

Sowing Type: Open & Plastic

Legendary performance!

Combines early vigour, yield and energy density to fill the clamp with quality silage every time – an easy choice for growers.

Strengths

- Asgaard races out of the ground – the TOP variety for early vigour
- Early maturing (MC7), suitable for most sites
- Independently tested for AD use in BSPB/NIAB trials
- High ME yields, producing plenty of high quality feed per hectare
- Excellent cell wall digestibility (58.5%) providing an energy dense feed
- High yielding, lowering the costs of production

Technical Information

See table below for technical information on Asgaard. Full data available in the [Maize Variety Selection Guide 2019 PDF](#) (download on right)
