

Wizard

Let it work its magic in your clamp!

Maturity: Early

Site Type: Favourable & Less Favourable

Sowing Type: Open

Let it work its magic in your clamp!

Wizard is early to harvest (MC8) making it suitable for growing on any maize site.

It is the leading new variety in Danish Farmers Union trials and has performed well in the UK NIAB/BSPB trials.

Wizard has superb cell wall digestibility (CWD), ensuring maximum dry matter intake and feeding performance in the clamp.

Strengths

- Early to harvest (MC8) making it suitable for growing on any maize site
- WIZARD is the leading new variety in Danish Farmers union trials and has performed well in the UK NIAB/BSPB trials
- WIZARD has superb cell wall digestibility (58.7%), nothing earlier can beat it!
- High ME content and top CWD ensure maximum dry matter intake and feeding performance from the clamp

Quality Seed - direct from breeder to farmer
